## NOVEMBER CLASSIC TROPHIES

The SCOA has been given a sum of money by the now defunct Hampshire and IOW Orienteering Association, for the purchase of perpetual trophies for presentation to the Junior Classes in the November Classic.

There will therefore, by 6 trophies awarded, for 1 year, to the first competitor in the BOY, GIRL, JUNIOR MAN, JUNIOR LADY, INTERMEDIATE MAN, and INTERMEDIATE LADY classes.

The winners this year are:

BOY:	A. NICHOLLS	BOK:
GIRL:	G. CARLSON	LOK
JM:	G. STROWBRIDGE	EGSO
JL:	E. HENDERSON	GGG
IM:	J. EDMONDS	TO
IL:	J. ROOKE	BL

Will these winners please contact Peter Robson or Ray Massey at future events to collect their trophies.

## PLANNER AND ORGANIZERS' COMMENTS

THANK YOU. Thank you, all 455 and more competitors for coming, we hope you enjoyed the event. Thank you, Chris Brasher for controlling the event so actively, we hope your numerous journeys weren't wasted. Thank you, our friends in (and out of) the Southampton Orienteering Club for giving so much of your time and effort in helping us run the event. We are particularly grateful to the people who helped us check the area to produce the map. Checking in the field is an incredibly long and tiring process. Thank you Mr. Heakes, the Forester for your courtesy and friendliness.

### Courses.

A. An amazing performance by Mike Down. Controls 16 and 17 caused some trouble. Control 16 was the easternmost Pit, south of the forest road at the north of the map; several several well known names went to the westernmost pit which was on the C and D courses. Was the error due to bad copying at the 2nd master maps? Control 17 was the south side of a small marsh (on the easternmost grid line on the map). A few competitors checked in at a control south of it (a marshy stream) which was plumb in the middle of the re-entrant.

B. Good to see so many VM having keen competition. I'm sorry the course doubled back on itself so much, but it was the only way to get competitors into the western area where the best forest was.

C. If I have to apologise to any one group it is to the Classes on this course (SL, IM). It was impossible to get a course of less than 7k into the western area, where as I have said, the forest was nicest. Indeed even if it were possible the thin strip of woodland joining the two ends of the area would have been overcrowded with three courses using it.

D and E. If the junior courses continue to be run in such fast times as these were, then the future competitors should possibly run a longer or more difficult course. The technical problems set on such courses must always be related to the overall standard of the competitor and not the star qualities of the top half dozen.

## Curses.

Our Finish marshalls felt that just a little thought on the part of the competitors would make their job much easier. The contortions that some people go through when divesting themselves of their control card is beyond imagination. In events up to Badge standard where marshalls are not very plentiful, it would be a great help if competitors had their control card ready and detached when they reached the finish.

We curse the litter louts, you are few, but you do exist, you mucky individuals.

We curse the people who demand their results on the day, indeed on the hour of completion. We were trying you know. One woman was so insistent on obtaining the results of certain people in her care, that our increasing rudeness to her demands may well have stopped her and her flock from orienteering for ever. Sorry BOF.

That's off our chest, we now feel much better.

Ray Massey, Peter Robson

## LOST PROPERTY

- 1 Brown Coat
- 1 Pullover
- 1 Track Suit Top
- 1 Navy Blue Mitten
- 1 50p. piece found near registration (a gentlemen enquired about it mid-afternoon, if he talks to Margaret Robson, she may recognise his voice).
