SOC's involvement in the forthcoming British Championships resulted in this event being provided with facilities not usually found at Badge Events, which enhanced what I believe was a Classic which maintained the expected high standards of this popular event.

On behalf of all competitors I thank Tim Holt and his team for their tremendous efforts in providing so many people with much enjoyment. Planner John Phillips is also to be thanked and congratulated for his excellent courses. Planning of the longer courses was not easy given the many tracks and lack of technical features in the eastern half of the area. Nor is it easy to judge the speed of an area. Up to a couple of weeks before the event the grassy tracks were 'taking a stud' as the football fraternity put it. On the day they were taking a stud about as far as the knee. The speeds of the leaders on most courses were quick, and I guess the fast runners stayed in the forest as much as possible. Judged by the times some of the ladies courses, "K" in particular, ought to have been longer but on the day I received no serious complaint on this score.

Ian Keith

### ORGANIZER'S COMMENTS

I think the greatest problem on the day was the lack of toilet facilities until about 10.15 a.m.. To those of you who were "inconvenienced" I apologize. I hope that you enjoyed the hot showers which were included in the price of the toilet facilities whether we used them or not.

We all owe our thanks, not only to the 60-70 SOC helpers on the day but to the smaller number who gave two long evening sessions to provide the 150 man hours of work required for sending out control cards etc., and "bagging" maps. Thanks also to RAPC Worthy Down, Royal Signals, Sports Council, Hampshire County Council, Stoke Park Junior School, and the Forestry Commission. Thanks also to Nick Bosbury who agreed, at very short notice, to draw the map. Finally I am sure you would all wish me to thank Ian Keith for the many hours of work he put in as Controller.
