

Southampton Orienteering Club

20th November Classic

Burley Lodge

1st November 1987

Results

ORGANISER'S COMMENTS

We had some enormous pieces of luck this year. Most importantly, the storm caused less damage in the New Forest than in woodland further east, and the particular area chosen for the Classic was one of the least affected. Then, after a wet and miserable Saturday the sun shone on us yet again, and made Anderwood car park a very pleasant area in which to linger after your runs. We hope this compensated for the unavoidably long walks to the starts, and back to your parked cars.

Many thanks to the 87% of you who entered by the closing date of 5th October. The University entries are always a problem, but far too many other competitors seem to regard the closing date as irrelevant or unattainable. This does cause headaches for the entry officials and planners who need to know numbers of maps on each course to be overprinted. The most amazing 'excuse' given by somebody requesting an entry two days before the event, was that his CompassSport had arrived only that day. This in spite of the fact that the event had been extensively advertised at major events since the beginning of August, as well as in the previous number of CompassSport. We are most grateful to Judith Powell for dealing with the dilatory 13% with patience and good humour, and to her and her team at South Cheshire College for handling the entries for us.

Our policy of appointing experienced Team Leaders and letting them get on with the job seems again to have worked well, and I had nothing to do on the day but wander round admiring their competence. Thanks to all of them:- Bill Davidson (Assistant Organiser), Martyn Must (Site Manager), David Bonser (Start and Printing), Bill Mansell (Finish), Peter Webb (Results on Day), Richard Moss (Final Results), Harry Gasser (Enquiries), Di and Terry Smith (Wayfarers' courses), David, Mary & Paul Nixon (String O), and to their helpers for giving up time for the Club and for the enjoyment of competitors.

The SOC versions of String O seem to be giving children useful experience in organising as well as competing in a race. I liked the way the course ran along a very wide open ride, disappeared into woodland and then re-emerged, and so gave the children confidence in different types of terrain.

The creche was an innovation this year, and was well supported and obviously appreciated by parents. My impression was that the helpers enjoyed it as much as the children, and I hope that it will become a regular feature of the Classic. Thanks to Joan Grundy and her excellent team of helpers.

We are very grateful to the Forestry Commission for allowing us to use the forest. Obviously the aftermath of the storm involved them in much extra work, so we are especially grateful to them for dealing with fallen trees on the forest roads used for parking, and at the entrance to Anderwood car park. Thanks also to the Totton St John Ambulance Brigade for attending. Fortunately they had only a few minor injuries to deal with.

JEAN VELECKY

UNCLAIMED PROPERTY

Javlin navy zip jacket
Yellow cagoule.
Bracknell Rugby Club sweat shirt.
Pr Nelson Wingate spectacles, one lens cracked.
Car key.
Please ring Jean Velecky, Southampton 771626, to arrange collection

PLANNER'S COMMENTS

We hope that you enjoyed the forest despite the storm damage. We wanted to get as many competitors as possible into the western part of the forest, since many people had not visited this in last year's National Event. The first class ground survey and Colin Hick's cartography meant that the map was still excellent even after another year and several competitor's commented on the good legibility.

Tim Holt and Gerry Barrell

CONTROLLER'S COMMENTS

SOC's experienced team have given us yet another excellent Classic. Tim and Gerry's courses provided entertaining challenges, strongly favouring through-the-forest orienteering, rather than track running, on the technically harder courses. Although the winning times were generally a little slower than ideal; this reflected the state of the terrain after the recent storm rather than errors in the new BOF draft guidelines on course lengths which were followed here. SOC certainly deserves the complimentary remarks which were freely offered by many finishers.

Nigel Thompson (WIM)

WAYFARERS AND STRING

Special thanks to my son Paul for helping to map and plan, and to SARUM for the loan of their lovely animal controls.

David Nixon

FUTURE EVENTS

Saturday 28 November Busketts Lawn, Ashurst (GR 315113)
Morning event for beginners only.

Sunday 13 December Sluffers and Holly Hatch (GR 232120)
Colour coded event.

More lost property: 1 thumb compass, 1 pair scissors.
