CLUB**

presents
the

RESULTS
of the

24th NOVEMBER CLASSIC

a

TSB LIFE RANKING EVENT

Sunday 3rd November 1991

CONTROLLER'S COMMENTS

Avon Water and Sett Thorns poses a considerable challenge in producing courses that meet BOF specifications. The New Forest experiences intense pressure from a wide variety of recreational activities, with constraints that are both obvious and not so obvious to the competitor. The planners were set a difficult task to satisfy the various needs of seventeen courses of badge standard, due to the all too evident wind blow damage, seasonal vegetation, limited crossing points of Avon Water and the dense path network.

On behalf of the competitors, I would like to thank all of the officials and team members for a great deal of hard and effective effort before, during and after the event. Putting on an orienteering event demands the application of a diverse range of high calibre skills and we are fortunate to have in the sport willing volunteers who are prepared to devote many hours of creative effort to make our events so enjoyable.

John Warren

PLANNERS' COMMENTS

This was the first badge event that I had planned and I found it a most enjoyable experience. I also hope you enjoyed your day. The weather certainly helped. Thanks must go to our helpers on the day and particularly to John and Barbara Warren who were most helpful and gave excellent advice and guidance.

Mike Ballard - Red start courses

I hope all competitors enjoyed running their courses as much as I enjoyed planning them. Thanks to the forest team for placing and collecting controls with special thanks to John Horton for extensive control checking and to David Bonsor for checking control sites.

All gold times seem a little long but no one complained about the length. Times seem to equate well with previous November Classics.

It was nice to achieve an ambition to plan Badge courses on a map I have helped survey and draw. It may well be a long time before I feel the need to repeat this fulfilment! It may interest competitors to know that the map was exhibited at the International Cartographic Association Conference Exhibition in Bournemouth during October - but without the course over-prints!

Colin Hicks - White start courses

ORGANISER'S COMMENTS

I want to thank John Warren for so ably controlling the 24th November Classic; his attention to every detail must be second to none and his invaluable help was much appreciated, along with that of his wife Barbara.

My sincere thanks, and I'm sure from you the competitors are extended to each and every member of SOC and their friends, who under their excellent team leaders, pulled together to help make the organisation run as smoothly as possible. My thanks must go to the unknown family in Winchester who received a large number of telephone calls as a result of BOF recording the pre-entry number incorrectly. I apologise on their behalf to those who were inconvenienced by this.

My final, but by no means least, thanks to Nigel; his help, guidance and support were invaluable and he even managed to get a hot line to the weather (he works for the Met Office), in that it poured where I work but it was nearly perfect for us - what influence!

FINAL RESULTS

Some points I wish to raise:-

- a) Some competitors lost their way to the white start. The tapes to the white start were unambiguous: four were placed within 10 metres at the turning. I fear it must have been in most cases a question of "follow my leader".
- b) The start times for those who started 1/2 minute late at the red start have been adjusted.
- c) The car parking was as requested by the Forestry Commission a year ago, not ideal I'm sorry to say.
- d) We had an extremely irate elderly gentleman complaining of the jostling he received by orienteers whilst out walking his dogs and he is to make an official complaint to the FC. Such bad feeling can lead to loss of land access; good behaviour costs nothing, please reflect on this.

SOC wish to thank:

TSB Life
The Forestry Commission
St John Ambulance
3rd Dibden Purlieu Scout Group
Time Machine
Brian Watkins

Jenny Thompson

LOST PROPERTY

Various tops, 1 compass, 1 watch and 1 hat. Claim from Jenny Thompson, Tansey Cottage, Kiln Road, Redlynch, Salisbury, SP5 2HT Tel: 0725-20254

FINAL RESULTS

SUMMARY OF BADGE TIMES

Courses marked * have had Badge times adjusted by the Controller.

FINAL RESULTS

STRING COURSE

It took Jean and me some 2 hours of quite hard work to create the course (some 500 m long) which quite a few of the participants covered in 4 minutes. But every second and every bit of our energy was well spent because (1) all participants seemed to enjoy themselves (2) all came back safe and sound.

The sight of a certain young lady (not yet 2) successfully completing the whole course on her two feet was uplifting and unforgettable.

Apologies to

- o those whose names or timing may not have been accurately recorded,
- o those who came after twelve and did not have their times recorded here,
- o those who came even later and were offered only the possibility of going round the course.

Thanks to Mesdames Holehouse and Lync for the unexpected but much needed help.

Lubor Velecky
