

**SOUTHAMPTON  
ORIENTEERING CLUB**

presents the

**RESULTS**

of the

**28th NOVEMBER CLASSIC**

held at

**STONEY CROSS**

on

**5th NOVEMBER 1995**

## **ORGANISER'S COMMENTS**

**Jenny Thompson**

It was every Organiser's dream, with every facility being available in minutes from any part of the excellent private parking. I had so many members of SOC volunteer to help, I ran out of jobs to give them, and to cap it all the weather was nearly perfect too. To these willing people who did such an admirable job, to the two planners who made so many peoples day by their careful diligent work, to the controller and his assistant who oversaw everything on your behalf with thoroughness and tactfulness, I extend my grateful thanks. Thank you too to you all for coming and making it all worthwhile.

## **PLANNERS' COMMENTS**

### **COURSES 1 - 8**

**Roger Manning**

When people received their event details and before they had run on the day I had quite a few comments about the courses being a bit on the long side. However when competitors returned from the forest there were no such complaints, indeed many were surprised at how fast they had run. It was very satisfying to hear people saying that their course didn't feel like X km. The New Forest really is a splendid place for a run especially in the Autumn sun. The only problem with orienteering in the Forest is trying to plan challenging courses, though I hope you feel this is more than compensated by having spacious bramble free woods and heath land to really stretch your legs.

### **COURSES 9 - 18**

**Graham Harrison**

This November Classic, my first attempt at planning a badge event, provided an excellent excuse for spending many happy hours in a delightful part of the New Forest in some glorious weather.

The pleasure for me was completed by the apparent success of the day. Initially Roger and I were disappointed with the lack of technical and contour detail we had to work with (not a single re-entrant or spur), but after considerable searching we settled on 82 control sites. The final result was a compromise between ideal courses and avoidance of the "contra flow systems" we had created. Anyway everyone seemed to have enjoyed the day. Maybe the sunshine and the autumn colours had something to do with it!

I hope the pale over-printing on some of the courses did not cause too much of a problem (careful scrutiny of courses 8 & 9 will reveal how the problem was resolved by traditional methods!)

Many thanks to the Forest team and to all those who helped on the day and beforehand with mapping and over-printing and general advice, and to Mike Pemberton and Nigel Thompson for their invaluable advice and support.

## **CONTROLLER'S COMMENTS**

**Mike Pemberton**

This was my first Badge Event as a controller and it couldn't have been with a nicer and more helpful group than SOC. Everyone involved from the club went out of their way to make me welcome and ensure that the Classic ran smoothly. Although we were a little slow getting started due to a late change in the planning team, Roger and Graham planned interesting courses and then put in a tremendous amount of work to ensure that the event was successful.

They both provided courses which tested your ability to navigate at speed and many of you discovered how costly a small error could be.

I first thought that the distances looked a little too long, the M21L base distance being 13.5km. Roger persuaded me that the land was fast and not too intricate and his estimate proved to be accurate with most courses being close to par. The fine weather and relatively dry conditions made the forest a pleasure to run through and most competitors were very complimentary at the finish, though some would have preferred a more technical challenge. At least one M19 competitor was pleased at recording his fastest speed at 5.2 mins/km whilst still an M17, well done Tom!

I hope that no one was too badly affected by the slightly pale overprint on a couple of courses. The two courses with the worst overprints were inked over by hand rather than reprinted in order to be sure to have maps available in time, well done Graham and Nigel. This ensured all maps were the same and no-one was unfairly disadvantaged.

I would like to end with a special thank you to Nigel and Jenny. Nigel acted as assistant controller and his experience was invaluable in ensuring my first badge event was successful. Jenny's organising skills had everything in control; both before and during the event and she even had time to act as host to Lynda and I on Saturday evening. Thank you to all in SOC for working so hard and making it a pleasant and enjoyable event to control.

PS Is it a record for one of the planners and the controller not to meet in person until ten minutes before the start?

### **LOST PROPERTY**

- One green gaiter
- One pair spectacles and
- One black glove.

Phone Jenny Thompson 01725-510254 to reclaim any of these items.

**BADGE STANDARD SUMMARY**

**BADGE STANDARD CALCULATIONS**

BADGE standards have been calculated according to current BOF guidelines. These state that "*only the .results of those entering the competition as BOF members will be counted*". Consequently no Badge standards have been awarded in four classes (M11B, M15B, W11B and W19B) as none of the finishers entered as BOF members.

**BOF NATIONAL BADGE SCHEME**

You may use these results for your Badge Awards. When you have three similar standards, you may buy Gold, Silver, Bronze or Iron badges as follows:

Metal Brooch Badge	£1.50
Woven Cloth Badge	£1.50
Age or year flash	£0.40
Certificate	£0.30

Apply by sending a cheque made payable to BOF and a stamped addressed envelope (22 x 16 cms) to:

S. and V. Johnston  
The Alders  
Blencowe  
Penrith, Cumbria,  
CA11 0DB

For more Badge Scheme details see BOF Rules, Compass Sport or contact the National Office for an explanatory leaflet.

**STRING COURSE - MR MEN AT OCKNELL 1 km, 10 m, 12 controls**

Sorry about bringing out of semi-retirement our Mr Men set but time was against a new theme. However, the area was new. Pity about the morning cloud! In fact, the weather became ideal only 2 hours after the last start when the string was being wound up. If you thought that the tree trunks (no 11) were much smaller than the map suggested, you were right: the two big tree trunks were sawn up and removed only a few days before the competition - we had to improvise. One other apology: one or two times may be slightly out on account of a little emergency at one point.

Anyhow, there were no winners; or, rather all those who enjoyed themselves were on the winning side. My vote for the gold medal goes to Tessa D9 who got round without being distracted by all those delicious smells of rabbits, squirrels, deer and other footmarks. Thank you all for taking part!

*Jean & Lubor Velecky*
