

**SOUTHAMPTON
ORIENTEERING CLUB**

presents the

RESULTS
of the
32nd NOVEMBER CLASSIC

held at
**HAMPTON RIDGE,
NEW FOREST**
on
Sunday 7th NOVEMBER 1999

ORGANISER'S COMMENTS**Jenny Thompson**

I do NOT wash my hair in a popular brand of soap powder, but the Car Parking problems which occurred as a result of our original one being dug up six weeks ago certainly had me going 'whiter than white'. Fortunately the mark 3 version proved adequate, dry and pretty, and although it stretched the bus schedule worked out in the Spring by 1.5 minutes it was agreed there should be no problem. APOLOGIES: firstly, the problem with the photocopied maps is addressed in other comments. Sadly in circumstances beyond the control of the bus company we were 2 busses short on the day. As a result the timetable could not be adhered to and some of you experienced inconvenience-Sorry. The 15 who were late have had their times corrected in these results. THANKS; to the villagers of Fritham for putting up with the extra traffic movements. To our Controller John Warren, who again acted on your behalf at a Classic: his professional approach and experience guided us through the event from start to finish. To our Planner Robert Jackson, whose hundreds of hours of meticulous attention to detail resulted in what were well received courses. To the SOC Team Leaders and Club members who clicked into action and made everything happen in such a professional manner under the Race Day Organiser Graham Harrison. To you ALL for coming to make it all worth while. Finally I do not apologise for not being there, as a result of my being a member of Sarah Brown's 'Golden Oldies' (winning the VHI) you all had perfect Orienteering weather!

LOST PROPERTY

Contact Jenny Thompson on Tel: 01725 510254.

PLANNERS' COMMENTS**Robert Jackson**

The terrain in this remote part of the New Forest is certainly worthy of National Event status and I hope you felt that your courses reflected this. It was always going to be more difficult to achieve this with the shorter courses but I felt that the variety of terrain would compensate for the lack of technicality. Apart from two classes the winning times were all within the recommended range - so I guess you all got your money's worth! Thank you all for coming and for the many nice comments I received on the day.

I'm afraid that photocopied maps came in for criticism once again. It was the Club's view that we had at last solved the problem of colour reproduction and that we could safely print in-house and photocopy the maps for three courses with less than 20 competitors on them. In fact the final colours were not perfect but I felt they were acceptable. In the event this proved to be over optimistic and there were several complaints about it for which I must apologise.

Not having planned a National Event before I was very glad to have John Warren's experience behind me and I cannot thank him enough for the care that he took to ensure the event reached the standard expected of it. I would also like to thank Jenny Thompson, Peter Smith and Peter Webb for test running some of the courses. I am also indebted to Caroline Moran for her excellent overprinting and to Barbara Ralph for endless photocopying. A final thanks to all those who helped me hang and collect the controls but particularly to Peter Webb.

CONTROLLER'S COMMENTS**John Warren (WIM)**

On your behalf I would like to thank Robert Jackson for his many months of work in planning courses, and Jenny Thompson and her team from SOC for their effective organisation of an event where the assembly area and start/finish were 2 miles apart. After a minor early hiccup, the complex bussing system worked very smoothly.

Photocopies were used on 3 of the small entry courses, but unfortunately the colour of the originals and those of the final prints varied. As a result a complaint was received about the dark colour of the contour lines and the vertical green screens. SOC had made great efforts to try to produce an acceptable colour print but it appears that the technology does not yet exist to produce a true colour copy by this process. I would like to apologise to all competitors who felt adversely affected by this failure in quality.

Hampton Ridge and Sloden lack highly complex technical terrain, with some very wet sections as well as an extensive track network that challenges the planner. I spent a long while at the finish with Robert Jackson and was very pleased to see so many people seek out Robert to thank him for an enjoyable course. Generally recommended winning times were achieved on most courses.

In checking control cards the problem of indistinct punching was notable. Competitors must accept that it is their responsibility to punch firmly and clearly in the correct boxes. The results team tried long and hard to avoid disqualifying people but unfortunately some cards proved to be quite impossible to read.

ACKNOWLEDGMENTS

SOC would like to express thanks to Brian Watkins of CARDINAL COMPUTERS for providing ideal times for the event from which your Ranking Points have been calculated.

BADGE STANDARD CALCULATIONS

BADGE standards have been calculated according to current BOF guidelines. These state that in calculating Badge times "only the results of those entering the competition as BOF members will be counted".

BOF NATIONAL BADGE SCHEME

You may use these results for your Badge Awards. When you have three similar standards, you may buy *Gold*, *Silver*, *Bronze* or *Iron* badges as follows:

Metal Brooch Badge	£1.50
Woven Cloth Badge	£1.00
Age or year flash	£0.40
Certificate	£0.30

Apply by sending a copy of your results, a cheque made payable to BOF and a stamped addressed envelope (22 x 16 cms) to:

S. and V. Johnston
The Alders
Blencowe
Penrith, Cumbria,
CA11 0DB

For more Badge Scheme details see BOF Rules, Compass Sport or contact the National Office for an explanatory leaflet.

WAYFINDERS COURSES**Shirley Moss**

We had a good turn-out and lots of enthusiastic competitors. A big thank-you to all those who allowed their maps to be recycled at the end as these were the last maps of this area.

39	A Williams	M9	SLOW	120.05
40	Gubbins	W45	IND	121.00
41	K & E Gatward		IND	123.30
42	J Scott	W13	SLOW	127.00

STRING COURSE*Lubor & Jean Velecky*

Several of the 80+ participants belonged to 3 generations orienteering families. Our own joined them as our grand-daughter (6 months) completed her first ever course asleep (is her buggy too comfortable?). We are sorry that at one point our recording system went a little pear-shaped. However, the String course is not competitive, not even at a National Event. Only the best 'run' is published for those who did the course more than once. Finally, we wish to thank publicly Paul and Gilda for doing the 2nd shift so that we might have a run.

Jean and Lubor
